Internal medicines when their young bodies and tender frames are unable to bear up against them? Whole armies are thus sent to their graves merely from pouring into their weak stomachs powerful drugs and poisons!

But it is from want of proper nourishment and the constant dragging they undergo which mows them down as the rank grass falls before the scythe.

It is easily seen, therefore, how necessary is the flow of this subtle humor to the surface, to preserve health. It cannot be stopped; it cannot be even checked, without endangering the life of the individual.

It is a remedy that sweeps off the whole catalogue of skin disorders, and restores the delicate cuticle to its healthy functions.

It is a remedy that neither sickens, gives inconvenience or is dangerous to the intestines. It preserves and defends the surface from all derangement of its functions, while it keeps open the channels for the blood to void all its impurities and dispose of all its useless particles.
